

In 1873, 140 firms representing all facets of New York City's commercial life created the Maritime Association. Empowered by an act of the State Legislature to "establish a Maritime Exchange for the collection and prompt dissemination of the news of the current hour, commercial, financial and general, in advance of publication," the Association is still vibrant today.

MAPONY/N7 organized a system of marine intelligence to gather news on the movement of New York ships and cargoes throughout the world. 146 years later, operating 24 hours a day, seven days a week, the ship's lookouts in our headquarters gather information on vessels entering, exiting, and transiting our port. This information is then disseminated to our members, newspapers, and other associations.

The ship's lookout is still on watch.

The International Maritime Hall of Fame Lookout Awards are presented to visionaries of the 21st Century who through excellence in their company, and/or organization, exemplify the qualities of futuristic thinking in the maritime industry.

Maritime Association of the Port of NY/NJ

Since 1873, the Maritime Association of the Port of NY/NJ has been the major voice of the commercial maritime industry in the Port of New York and New Jersey. Advocating for the safety of navigation, security of maritime assets, sustainability of the marine environment and a proponent of cost-effective solutions, MAPONY/NJ is committed to ensuring the port retains its competitive position within the global trade community.

Acting on behalf of the industry at the local, state and federal levels, MAPONY/NJ has successfully represented the best interests of the port on matters of zoning, permitting, public access, dredging, environmental compliance, ballast water policy, vessel discharge regulation, safe recreational boating, labor, offshore wind, and a host of other issues.

As a 501(c)(3) corporation, MAPONY/NJ is in a unique position to advocate on behalf of international ship owners/operators, marine terminals, ship repair facilities, tug and barge owners/operators, admiralty attorneys, pilots, marine underwriters, longshore labor, marine construction firms, port area draymen, agents, port authorities, academics, chandlers, first responders, and others within the maritime industry. MAPONY/NJ represents the interests, positions, and requirements of the commercial maritime industry at many forums, events, hearings, public comment sessions and petitions, and has been successful in protecting and creating opportunities for growth within the industry.

MAPONY/NJ membership includes over 500 paid corporate and individual members with a broadly diverse coverage of the industry. As an important and influential member of the port community, your organization would greatly benefit from joining MAPONY/NJ and the many other key stakeholders promoting the interests of the port. To learn more, visit www.nymaritime.org.

The Maritime Association of the Port of NY/NJ and the entire Board of Directors thank you in advance for your support and look forward to seeing you at the annual International Maritime Hall of Fame Awards on May 13, 2020.

You are cordially invited to attend the
